Fertilizers

Sustane (8-2-4) All Natural Plant Food
OMRI listed slow-release all-purpose fertilizer derived from biologically stable compost, sulfate of potash, and feather meal. Feeds for 6-12 weeks. 12.5lbs per 1,000 sq. ft. for lawns in spring and fall. **5lb - $15.95 / 20lb - $44.95**

MicroLife Multi-Purpose (6-2-4) An all organic, biological granular fertilizer containing 100+ nutrients, natural plant stimulators, hormones, and billions of beneficial soil microbes. Great for turfgrasses, flowers, and vegetables. **7lb - $24.95 / 40lb - $59.95**

MicroLife Acidifier (6-2-4) Made to the same standards as the multi-purpose 6-2-4 above, but with added sulfur and humates for reducing the pH of the soil. Ideal for roses, gardenias, & other acid-lovers. **7lb - $27.95 / 40lb - $68.95**

MicroLife Humates Plus (0-0-4) Formulated especially for turfgrasses, it contains nitrogen-fixing bacterium, humates, potassium, kelp, 100+ minerals, and billions of beneficial soil microbes. 5-10 per 1,000², 1-2 times/year **40lb - $47.95**

Buds & Blooms (6-8-4) Organic fertilizer blend made from alfalfa, bone, cottonseed, soybean, and feather meals. Promotes roots, blooms & fruits. **4lb - $14.95 / 15lb - $31.95 / 30lb - $54.95**

Rose Glo (6-8-4) Premier organic rose food made from feather, bone, and alfalfa meals as well as humates and worm castings. Use every 8-10 weeks at 2lbs per 100 sq. ft. **15lb - $31.95 / 30lb - $54.95**

Mulches

☼**Texas Native Hardwood Mulch** An all-natural, double ground hardwood mulch with a vibrantly dark color that stays consistent for years to come. Will not wash away and is great for pathways! **2CF - $4.49**

☼**Texas Native Cedar Mulch** An all-natural, reddish-brown, double ground cedar that is not only wonderfully aromatic – it's also a natural insect repellent! Great for all bedding, garden and tree landscaping needs. **2CF - $4.49**

☼**Pine Straw Bale** A very attractive natural groundcover made from pine needles. It is especially useful in vegetable gardens. Comes in a round bale. **4CF - $26.95**

Potting Soils

☼**Dirty Dirt POT-IT Potting Soil**
Rich, fluffy, nutrient-dense all-purpose mix that contains a mixture of peat moss, coco coir, perlite, aged pine fines, earthworm castings, bat guano, kelp meal, alfalfa meal, and dolomite lime. Texas women owned. **2CF - $31.95**

☼**Dirty Dirt POT-IT Peat Free Potting Soil**
Same mix of ingredients as the POT-IT– but with coco coir base -no peat! Texas women owned. **2CF - $31.95**

☼**Fox Farm Happy Frog Potting Soil**
A premium all-purpose mix that includes peat moss, earthworm castings, bat guano, aged forest products, and mycorrhizae. **12qt - $14.95 / 2CF - $41.95**

☼**Fox Farm Ocean Forest Potting Soil**
Top-notch all-purpose blend including aged forest products, peat moss, earthworm castings, bat guano, fish emulsion, and crab meal. **12qt - $14.95 / 1.5CF - $32.95**

☼**Landscaper's Pride Potting Soil**
A basic, no-frills potting soil that provides a sustainable base for your choice of amendments. Economical choice for raised beds and planters. Contains locally sourced aged pine, sand, and blended organics. **40lb - $5.95**

☼**Rabbit Hill Farm Cactus Mix**
A soilless potting mix that's formulated for all types of cacti & succulents. Contains compost, aged pine bark, lava sand, granite sand & perlite. **3qt - $11.95 / 5gal (.37 CF) - $21.95**

Garden Soils

☼**Dirty Dirt RAISE-IT** Great for herbs, fruits, and vegetables, this mix contains aged forest products, expanded shale, black humus, composted pine fines, earthworm castings, bat guano, kelp, alfalfa and fish meals, humates, and more. Texas women owned. – **1.5CF - $21.95**

☼**Heirloom Soils Roses & Bloomers Blend** High quality blend ideal for growing roses and acid-loving plants but suitable for perennials, blooming shrubs, seasonal color, & more. For use in raised beds or large pots. **1CF - $16.95**

Composts

☼**Aged Leaf Mold Compost** Loosens heavy soils to improve drainage while also improving moisture retention and beneficial soil microbe activity. Finely screened. Great for top-dressing lawns! **1CF - $17.95**

☼**Premium Expanded Shale & Leaf Mold Compost** A mix of these two products used for blending into existing soil to add organic matter, improve soil texture, and increase moisture retention. Recommended for use every 3-4 years. **1CF - $15.95**

☼**Cotton Burr Compost** An excellent food for your soil life with superb moisture-retention capabilities. **2CF - $16.95**

To recreate the old Acidified version, add 4# Soil Sulfur to 10 bags Cotton Burr Compost

☼**Happy Frog Soil Conditioner** Blended in small batches with pH-balanced aged forest products, earthworm castings, humic acid & bat guano. Contains beneficial microbes to stimulate roots & help access nutrients. **1.5CF - $25.95**

Austin Worm Lab Castings Top quality organic castings produced locally! Vermicompost packs a powerful punch and is loaded with nutrients and beneficial microorganisms that help plants thrive. Kelp meal is added to the finished product to extend the shelf life of these microbes, ensuring the richest and most potent vermicompost around. **4lb - $15.95 / 10lb - $29.95**

Sands & Rocks

☼**Decomposed Granite** ¼" minus size with pinkish tint. Use between patio stones or as driveways & walkways. Also great for added drainage and minerals to gardens & flower beds. **0.5CF - $6.49 +**

☼**Basalt 5/8"** Can be used for walkways or water features. Dark grey when dry & black when wet. **0.5CF - $11.95**

☼**Expanded Shale** Use for improving drainage & permeability of the soil. **40lb - $15.95**

☼**Pea Gravel 3/8"** Use in a variety of landscaping projects. Can be used in aquariums. **0.5CF - $7.95**

☼**River Rock 5/8"** Use as a groundcover in landscapes or for pathways/driveways. **0.5CF - $7.95**

Propagation Blends

☼**Light Warrior Seed Starter** Ultimate grow medium for seed starting & transplanting. Beneficial microbes stimulate & enhance fertilizer uptake. Fast-draining and lightweight. **1CF - $28.95**

☼**Black Gold Seedling Mix** An organic (OMRI listed) mix of peat moss and perlite that's ideal for newly sprouted seedlings. It's porous but water-retentive, featuring an organic wetting agent to ensure uniform moisture distribution. **8qt - $7.95**

Soil Amendments

Azomite A natural mineral-rich substance mined in Utah. It's OMRI-listed for use as a soil amendment, replenishing important nutrients and trace minerals in depleted soils for healthier plant growth . **5lb (powdered) - $21.95 / 10lb (granular) - $33.95**

Coconut Coir Fiber Coir is used as an addition to potting mixes as it is light, airy, retains moisture & has an ideal pH. 11lbs expands to 17gals. **1.4lb - $7.95 / 10lb - $29.95**

Disper-sul (aka Soil Sulfur) A granular sulfur product that is used to temporarily help lower soil pH. **4lb - $27.95 / 50lb - $49.95**

Dr. Iron Formulated to fix iron deficiency and boost plant vigor. Reduces soil pH. 3.5lbs per 1,000 sq. ft. **7lb - $34.95 / 21lb - $59.95**

Gypsum An excellent source of calcium & sulfur. Loosens up clay soil to improve drainage. **6lb - $13.95 / 50lb - $41.95**

Lava Sand Increase paramagnetism, water-holding & porosity of your soil. **40lb - $11.95**

Minerals Plus A blend of three paramagnetic rock materials. Includes granite sand, lava sand, basalt, rock phosphate, humate, greensand, & montmorillonite. 40lbs per 1,000 sq. ft. **6lb - $16.95 / 40lb - $54.95**

Molasses Provides food for microorganisms plus carbon, sulfur & potassium. **4lb - $11.95 / 50lb - $57.95**

Perlite Used in container gardening to improve drainage. **8qt - $18.95 / 4CF - $40.95**
