

Super Natural Plant List

This list has been compiled from 5 of our plant lists the Natural Gardener's *Bee*, *Butterfly*, *Bird*, *Xeric* and *Deer Resistant* plant lists. The rating tab shows the number of lists on which each plant can be found. All of these plants are great but pay closer attention to the top rated ones in particular. We don't have unlimited space to plant, so let's choose the plants that will offer the maximum benefit with minimal effort. We can choose plants not just based on deer resistance and drought tolerance but also on greatest wildlife contribution. Maximize your pollinator and wildlife diversity with this *Super Natural* collection of plants! As always pay extra attention to the natives.

* Plants Native to Texas

Trees		Bee	Butterfly	Bird	Xeric	Deer Rest.	Rating
